

# VON ARX DTF25SH

## SELF-PROPELLED SHAVER

### ELECTRIC

## SPECIFICATIONS

### TECHNICAL SPECIFICATIONS

- **Article #:** 800015
- **Power:** 480 V, 60 Hz
- **Wattage/Hp:** 15 Hp (11 Kw)
- **Weight:** 486 lbs
- **Work Width:** 10"
- **Distance to Wall:** 4.2"
- **Depth Hard Concrete:** 1/3"
- **Depth Soft Concrete:** 1/2"
- **Dimensions:** 45" x 19" x 45"
- **Standard Tools:** Drum equipped with 66 diamond blades
- **Working Speed:** 550 sq ft/hr

### ADD-ON OPTIONS W/ PICTURES

- **Directional Guide:**  
**Article #:** 707534  
**The directional guide is particularly designed to be able to follow the given accurately**
- **Side attachment w/ drum:**  
**Article #:** 707534  
**Work Width:** 3.5"  
**Distance to wall:** 0.6"  
**Weight:** 33 lbs

### ENGINEERED DESIGN

- Surface is carefully "ground off" instead of chipping it away, thus the machine runs calmly and produces a smooth surface
- Easy to use drum that is equipped with diamond blades
- Machine can be used for dry or wet applications, simply connect a water hose directly to the water cooling system
- The use of water provides a longer life of the diamond blades and prevents them from overheating
- Depth adjuster dial and variable speed adjusting lever for easy operation

### WARRANTY

- 36 months
